

## ABUSE OF WOMAN DENIED; OFFICERS ASSAIL HOSTELRY

Updegraff Injunction Case Brings Policemen Into District Court.

A hearing before Judge Clark in district court on Mamie Updegraff's application for an order enjoining the police from raiding the Santa Fe rooms, 914 West California avenue, was resumed this afternoon after considerable evidence had been presented as to the character of the lodging house and an incident in which the woman claims to have been abused by officers.

Mrs. Updegraff testified that Patrolman Osborne roughly treated her when she attempted to call police headquarters in connection with her alleged interference with her business. She was jerked away from the telephone and choked, she testified.

Other Allegations. At police headquarters, Captain Slattery, the woman declared, accused her of running a liquor joint, threatened her to close up her place and the chief scolded her for not "turning in" the people next door. Osborne, she said, acted like a crazy man.

"He grabbed my teeth and acted like he was going to jump on my head," said Mrs. Updegraff. She declared she was trying to run a respectable place but was finding police surveillance and raids a great handicap.

Patrolman's Story. Patrolman Osborne said he went to the Santa Fe rooms because he had warned a girl who appeared to be a simple and innocent country girl concerning the reputed character of the lodging house. Mrs. Updegraff poured out an abusive tirade, the officer said.

and appeared to be affected with drugs. He merely shoved her back when she came upon him waving her arms.

The chief, Osborne added, used no abusive language in talking with the woman, but warned her, if she didn't stop selling liquor and keeping bad women he would close her house.

Slattery Testifies.

Captain Slattery, cross-examined by Attorney Goldings, said the "third degree" wasn't used by the police department, so far as he knew.

Dr. Buchanan was called by the petitioner and testified there that he had attended the woman following the alleged choking incidents and that there were slight marks upon her throat.

Sheriff Blanton testified as to the alleged bad reputation of Mrs. Updegraff's place.

## BOARD CASTS UP VOTE IN COUNTY

Russell Leading for Corporation Commissioner in Meager Returns.

The county election board was engaged today in tabulating the returns from the recent primary election. Up to 2 o'clock they had progressed far and expected to have all the figures tabulated by night. No totals were available.

A casting up this morning of the vote upon Henry Willmington of Oklahoma City and State Senator Campbell Russell for the long term corporation commissioners nomination on the democratic ticket gave Russell a lead of 859 in eight counties, complete, and 671 additional scattered precincts. The figures were compiled from returns received in the office of the corporation commission.

Adair, Beckham, Blaine, Craig, Ponca, Seminole, Washington, and Washita counties were reported as having made complete returns on these two candidates. The ballot, including that of the 671 other precincts, was 9,211 for Russell and 8,352 for Willmington.

Russell Willmington Leading. The election was made this morning that Willmington and Russell were the leading candidates and that Johnston was third, with Watson and Harrison running a close race behind him.

It was practically conceded this morning that the literary test had gone the way of defeat suffered by all other proposed amendments to the constitution, and also that Congressman William H. Murray had been defeated by Judge Tom D. McKee of Ada for the congressional nomination in the fourth district.

Contest for Sheriff. In Oklahoma county the much disputed result in the sheriff's contest had not been decided. It appeared that an official recount of the votes would be necessary, since Johnson was claiming election and Farp contended also that he had been nominated.

Recruit Depots for Guard Open. Officers Assigned to Duty at Muskogee and Tulsa to Enlist Soldiers.

A rapid-fire recruiting campaign to secure sufficient new members for the Oklahoma national guard now encamped at San Antonio, Texas, to bring it to full war strength will begin immediately.

This morning Major C. N. Barney, in charge of regular army recruiting work in Oklahoma, announced the assignment of Capt. George A. Barber and Lieut. Emory A. Hurd appointed by Adjutant General Farp to recruiting commissions.

Captain Barber will proceed to Muskogee and Lieutenant Hurd to Tulsa immediately, and open recruiting stations under supervision of the regular army station in Oklahoma City.

Four more commissioned officers and eighteen enlisted men for guard recruiting duty are still needed.

To Entertain Bank Board—Oklahoma City will make arrangements to entertain members of the federal fund bank board, if they come here in September, Secretary Elmer F. Brown of the chamber of commerce said this morning. It is reported that the board will visit many state capitals next month to familiarize itself with conditions in various sections of the country.

Senator Hardwick Leads in Attack on Constitutionality of Measure.

WASHINGTON, Aug. 4.—The child labor bill, on which the senate began debate yesterday, was up again today. The bill, it is said, will be kept before the senate until passed. There is no republican opposition.

Senator Hardwick of Georgia led off the attack on the constitutionality of the measure, contending the right to enact such legislation was vested only in the states. The Georgia senator also pointed out that the senate bill, in his judgment, far exceeds the limits set down by congress and the supreme court in the lottery statute which proponents of the measure set up in defense of its constitutionality and after which it was patterned.

All Product Excluded. "The bill as it passed the house," said Senator Hardwick, "would exclude from interstate commerce the specific products of child labor. The senate amendment not only would exclude from commerce the direct product of child labor, but also another commodity produced by any man or corporation who does not live up to a rule of civil conduct to be laid down by congress."

No Lobby Against Bill. Senator Hardwick declared no powerful lobby of southern manufacturers is working in Washington against the bill, but that a powerful lobby had been working here in its favor for years. He charged both political parties with "playing to political expediency" with it.

TRAINING CAMP SOLDIERS TO GET COMMISSIONS. CHICAGO, Aug. 4.—All citizens of proper age now undergoing, or who have undergone instruction at training camps in the central department of the army may apply to be examined for commission as second lieutenants in the regular army, according to a telegram from the war department received today at central headquarters here.

About 1,200 vacancies exist in the grade of second lieutenant and many officers appointed to fill them will be promoted to the grade of first lieutenant in the near future.

FEDERAL RESERVE LOANS EXTENDED TO FARM GOODS. WICHITA FALLS, Texas, Aug. 4.—A broadened scope to the facilities of the federal reserve system was announced here today by Frank Kell of Wichita Falls, member of the special committee named by the reserve board to investigate extension of the commodity rates to farm loans. According to Mr. Kell, who said he was authorized to make the statement for the reserve board, loans heretofore restricted to cotton will now be extended to permit rediscounts of loans on grain, rice, cotton seed and practically all farm products.

## ITALY TELLS GERMANY TREATY IS TERMINATED

AMSTERDAM, Aug. 4.—A Reuters dispatch to the Handelsblad from Berlin says Italy has given notice to Germany of the termination of the German-Italian commercial treaty of 1901, which would have expired at the end of 1917.

A dispatch from Paris last Tuesday quoted the Petit Parisien as saying that it understood Italy had denounced the commercial treaty with Germany, thereby leaving the way clear for a declaration of hostilities between Italy and Germany. The newspaper said also that the existence of the treaty was the only reason which had prevented Germany from declaring war on Italy.

## NEW YORK SHIPS TONS OF TOBACCO TO BELGIANS

"This work of the Overseas Club," which has received official recognition

and the extension of many facilities from the allied governments, is a remarkable instance of what can be accomplished by organized voluntary effort," Mr. Jones said. "To date more than \$750,000 has been raised, representing 3,000,000 packages of tobacco and cigars."
